SUMMARY OF POSITION:

The Automotive Technician (Floating) is responsible for performing skilled work in routine inspection, maintenance, and repair of a wide variety of automotive equipment, including automobiles and buses and related mechanical, electronic and hydraulic components. The incumbent is responsible for diagnosing problems and prescribing and performing remedial action in accordance with standard trade practices and general work instructions. Specific responsibilities include performing scheduled inspections to meet manufactures and/or DTC specifications; diagnosing and repairing or replacing various components to vehicle systems; performing engine tune-ups and adjustments to vehicle systems; performing oxygen acetylene and electric welding and minor body repairs; performing standard automotive services such as lubrication, changing oil, cleaning and greasing parts; responding to emergency road calls to recover equipment; road testing vehicles; preparing and maintaining written reports; complying with all DTC safety policies; and performing other assigned tasks related to the functional area of responsibility. Duties require a valid Commercial Drivers License. The incumbent may be required to lift up to 50 pounds as part of regular job performance.
